

# Front End Developer

<b>Department:</b>	Development
<b>Location:</b>	Pune, India
<b>Working pattern:</b>	Permanent
<b>Experience:</b>	3 years and above

## About the role

Everything Financial is looking for a highly motivated person for a permanent Front End Developer role based in Pune, India.

Everything Financial Limited is responsible for brands like All Purpose Loans, Remortgage Quotes Online and Bridging Compared. Our business is building partnerships and technology which help people borrow with confidence. As a growing FinTech company, we have a culture of learning. We use data to drive our decisions, and partner with a range of trusted experts across the UK financial services industry. It means we can shape products which work for the people who use them.

We're international, with colleagues based in the UK, India and Mexico in varied roles ranging from user experience, call centre handling and mortgage advice. We work together as one group with the aim of living our core values each day - Be Bold, Be Curious, Be Collaborative, Be Simple and Be One. We believe in empowering people with the right tools, skills and trust to do their best work.

Front End Developers are required to work in teams alongside Back end Developers, Digital Designers, and User Experience Designers to ensure all elements of web creation are consistent. This requires excellent communication and interpersonal skills.

## What you'll be doing

- Determining the code structure and design of web pages
- Developing features to enhance the user experience
- Ensuring web design is optimized for mobile
- Developing user interfaces using best practices
- Conducting performance tests
- Work with internal stakeholders to understand business needs
- Collaborate with back-end developers and UX/UI designers to improve usability

- Building reusable code for future use
- Optimizing web pages for maximum speed and scalability
- Maintaining brand consistency throughout the design
- Staying up-to-date on emerging technologies

### **Skills and experience**
